

Dear Store Manager,

I'm a shopper here and have discovered a new drink I want you to know about called Cide Road Spritzel. It's one of the most refreshing beverages that I have ever had. It's a lightly carbonated drink made with apple cider vinegar, fresh ginger and maple syrup. It's nice and light, a step above a flavored seltzer but only 35 calories per can. Its ingredients are super trendy and the package looks so beautiful that I want to be seen carrying one! It comes in three flavors: Blueberry-Honeysuckle, Watermelon-Mint, and Strawberry-Basil.

As a regular customer of your store, I would really appreciate being able to purchase Cide Road Spritzel here on a regular basis.

For price and product information, you can contact Cide Road directly at (973) 543-9003, or email them at info@cideroad.com.

Thank you!
